UltraTape Awarded 3M Select Converter Status

January 17, 2017, Wilsonville, OR - UltraTape, a division of Delphon and leading manufacturer of cleanroom tape, custom labels and graphic overlay products announces its status as a 3M Select Converter.

3M Select Converter status is a quality certification granted by 3M Converter Solutions to companies who meet their quality and reliability standards. UltraTape was awarded this certification based on its trusted reputation, manufacturing processes, and engineering quality.

As a converter, UltraTape combines 3M innovation and its own expertise to create precisely what its customers need. By using processes such as web cleaning, irradiation, custom die cutting, durable graphics printing and laminating adhesives to substrates, UltraTape is able to design unique tape and label products that can be used to meet the very specific needs of their customers.

Background:

UltraTape, a division of Delphon, manufactures high quality cleanroom tape, labels and graphic overlays for critical environments. The ISO certified company maintains a cleanroom manufacturing facility to
