

UltraTape

CLEANROOM TAPE AND LABEL PRODUCTS FOR MEDICAL AND PHARMACEUTICAL APPLICATIONS

UltraTape's medical and pharmaceutical tape and label products are designed to meet a wide range of difficult requirements. With multiple facestocks offered in combination with high performance adhesives, our customized products hold up in even the harshest environments.

ALL TAPE AND LABELS CAN BE IRRADIATED FOR STERILE APPLICATIONS

MATERIALS AND ADHESIVES

MATERIALS:

- High durability
- Temperature resistance
- Non-particulating
- Can be irradiated
- Chemical and solvent resistant
- Various tensile strengths
- Autoclavable

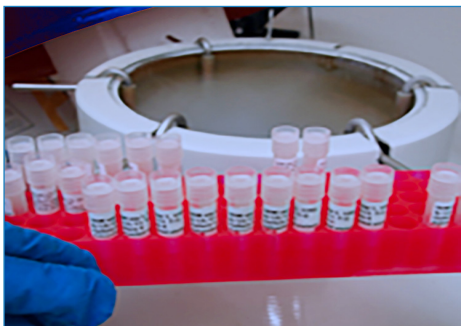

ADHESIVES:

- Stability in extreme temperatures
- Residue-free
- Permanent and removable
- Low, medium, high and removable tack

LAB SAFETY TAPE AND LABELS

Global standards for effectively identifying and warning of hazards in the workplace have become more stringent. UltraTape's caution warning tape and labels are manufactured to warn workers, patients and the public of potentially dangerous situations.

- Floor marking tapes
- Adhesive caution tapes
- Non-adhesive barrier tapes
- GHS warning labels
- Customized lab safety labels

CRYOGENIC TAPE AND LABELS

Our cryogenic labels are widely used in medical and pharmaceutical applications. They have excellent chemical and solvent durability and maintain adhesion in below freezing temperatures.

- Variety of facestock and adhesives
- Customizable
- Chemical and solvent resistant

SAMPLE COLLECTION AND PROCESSING TAPE AND LABELS

UltraTape understands the need for labels used in a lab environments to handle extreme conditions, chemicals, stains and solvents like xylene or acetone. Our line of medical and pharmaceutical labels come in a variety of facestocks and adhesives and are robust enough to survive harsh environments, which guarantees that printed information is not compromised during use.

- Tube and slide labels
- Sample collection labels
- Micro-centrifuge labels
- Customized labels

GENERAL LAB TAPE AND LABELS

Our laboratory tape and labels help improve lab safety and communication. We have hundreds of solutions to help keep your lab organized and running efficiently and safely. With a large variety of durable facestocks and adhesion levels, UltraTape's tape and label products are able to meet the challenges of any laboratory.

- Lead-free, latex-free sterilization indicator tape
- Tamper-evident labels
- Barcode labels
- Irradiated general purpose tape and labels
- Removable/repositionable labels
- Solvent-resistant label
- Barcode labels
- Piggyback labels

ULTRALABEL PRO CLEANROOM LABEL PRINTER

UltraTape offers a complete line of UltraLabel PRO (ULP) cleanroom printers, software, and label solutions that can be customized to your specific application requirements.

The desktop design is capable of printing thermal transfer/direct thermal cleanroom labels. The unique design of the UltraLabel PRO, combined with the wide variety of custom supplies offered by UltraTape, results in one of the most versatile cleanroom printers on the market.
